Lucas Power Steering Fluid with Conditioners is formulated with the highest quality synthetic base oils and additives to help prevent power steering unit leaks, provide smooth operation and eliminate squealing. Our unique chemistry:

- **Prolongs fluid life**
- **Improves fluid shear stability**
- **Improves fluid oxidation to minimize sludge and varnish formation**
- **Reduces parts wear and extends equipment life**
- **Cleans and smoothes internal springs and valves to help eliminate sticking**
- **Conditions seals to minimize or stop small leaks**
- **Reduces sluggish operation**
- **Contains an effective foam inhibitor**
- **Reduces noise and chatter**
- **Maintains cold temperature properties for power steering fluid**
- **Designed for use in both new and older vehicles**
- **Can be used in Honda Systems**
